1 In retrospect, what could you have done better to reduce the time you spent solving this assignment?

Maybe review the lecture notes deeply and start it earlier.

2 What could the course staff have done better to improve your learning experience in this assignment?

From my point of view, the pace of class is a little bit faster. It is better for me to know the step and example more clear to know the knowledge.

3 What do you know now that you wish you had known before beginning the assignment?

Some requirement about JAVA and some good ways to implement my algorithm
